R-Series - **Code with Confidence**

A turn-key solution from a single trusted supplier. Designed to work with the entire Domino equipment portfolio, the R-Series Domino vision system range eliminates labour-intensive manual inspections, reduces the amount of scrap, and helps to avoid the expense and brand damage associated with product recalls. Everything from a single source.

PROTECT YOUR BRAND

- ◆ Ensure readability of every code
- ◆ Avoid regulatory / retailer penalties
- ◆ Avoid potential costs associated with scrap and recalls
- ◆ Eradicate costly manual inspections

SMART MEANS SIMPLE

- ◆ Coding and Marking tailored solution
- ◆ Fully compatible with all the Domino equipment
- ◆ Easy to install and operate
- ◆ Scalable to your future needs without changing hardware

Domino. Do more.

Smart, Flexible, Powerful

Smart means simple - Optimised for coding and marking

With over 40 years of experience supporting Food, Beverage and FMCG markets, we know what matters to you. The new Domino R-Series vision system range is designed to integrate quickly into high-speed (up to 60000 p/h), highly-automated lines.

◆ Three standard models with scalable capabilities to easily adapt to your needs over time

◆ Easy to install and easy to operate

◆ Optimised to meet industry best practice

Flexible & Future Proof - A system that grows with your needs

Adding capabilities is a simple software update. The system is designed to integrate with and accommodate future Domino upgrades.

R550 - Code **Verify**

Code with confidence with the complete code verification solution. Get full protection and achieve the performance and product validity that your production needs.

✓ Code Presence
✓ Code Position
✓ Character Count
✓ Machine Readable Codes Check
✓ Content checking - OCR / OCV

R350 - Code **Quality**

Don't need to check code accuracy? The R350 detects some of the common print issues and ensures Machine Readable Codes readability.

✓ Code Presence
✓ Code Position
✓ Character Count
✓ Machine Readable Codes Check

R150 - Code **Check**

Our entry level option for reduced code checking needs. The R150 inspects the presence and position of the code for basic protection.
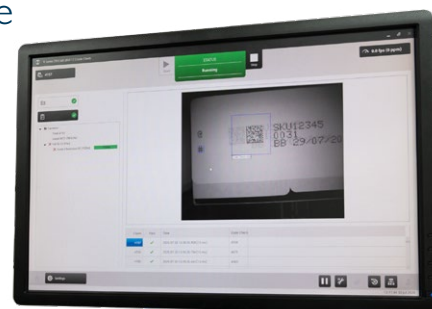

✓ Code Presence
✓ Code Position

Have custom requirements? Our team of specialists is on hand to design your bespoke solution.

Powerful by design - Everything from a trusted single source

◆ Optimised for Domino fonts and print characteristics

◆ Designed to be fully compatible with all the Domino portfolio to ensure a smooth installation and integration

◆ Common Domino user interface minimises the learning curve

◆ Designed to detect specific light frequencies reflected by our state-of-the-art GMP food packaging CIJ inks

◆ Standard speed of up to 60000 p/h (application dependant) for the whole range
